At the commencement of a game the Black men occupy the squares numbered 1 to 12; the White men those numbered 21 to 32. Black always moves first.

P R E F A C E.

ANDERSON'S Book on Draughts, Second Edition, was well fitted for its day. Notwithstanding some errors, it has not yet been equalled in correctness by any successor embracing all the usual Openings. Bowen in his "Cross" and "Bristol" published extensive additions to the Game on these two Openings; but of his "Bristol" only a few copies have been separately published. Both his "Cross," and more especially his "Bristol," would be too voluminous and costly for general use if the remaining Openings, even on the more limited scale of the "Cross," were added. Only a few could buy such volumes, and still fewer could find time to master their contents. Bowen saw that 11 16 was capable of more variety of play than any other initial move except 11 15. In this volume, as in Bowen's "Bristol," the play on 11 16 is divided into three parts; but a considerable quantity of it, like that of the other Openings, is cross-board play, and two names are appended as the authorities, the player of Black being the first name, and the player of White the second. The author of this work was the first to introduce this method.

In this volume, as in Bowen's Books, the indicators $\frac{1}{2}$ and sometimes $\frac{3}{4}$, are freely used. This adds greatly to the contents without any addition to the apparent number of the variations; and as the source of every variation is mentioned, it is found at a glance whether it be placed after or before the variation from which it springs.

Another way in which this book differs from its predecessors is, that often two, three, or more variations will be found in one column, the variation commencing at the top, whether a Draw, or a B. win, or a W. win, being so marked at the bottom ; and intermediate variations, although denoted by separate numbers, if like the variation at the top, have no separate mark, as the same mark applies to them ; but if they give a different result, that result is mentioned immediately after the variations.

An important feature of this work is, that much original play of a high class, because played with Wyllie and Martins and other fine players, is here for the first time presented to the public. In the "Ayrshire Lassie," for instance, var. 26 at the 2nd move, 10 15 is the only play given by Anderson and others.

In this book 11 15 is played as the leading move, and 10 15 is also given as an alternative. The author has played White against Wyllie and lost by his move of 11 15, when that move was new to the loser.

Numerous corrections of preceding players will be found embodied in this work. These will speak for themselves.

The author owes thanks to an experienced analyst and player, with whom he has been on intimate terms for many years, for revising the proof-sheets and adding some of the Openings, when his eyesight prevented him from doing so himself. The ultimate reversion of the copyright to the reviser was a guarantee that the work of revision would be carefully performed.

NOTE.—The reviser writes :—"I have added up the number of variations contained in the book, and find them to be 3340, by far the greatest number in any published book. It is 1233 more than Janvier has in his book."

STANDARD LAWS.

1. The Standard Board must be of light and dark squares, not less than fourteen inches nor more than fifteen inches across said squares.

2. The Standard Men, technically described as White and Black, must be light and dark (say White and Red, or White and Black), turned, and round, not less than one inch, nor more than one and one-eighth inch in diameter.

3. *The Board shall be placed so that the bottom corner square, on the left hand, shall be black.

4. *The Men shall be placed on the Black squares.

5. The Black men shall be invariably placed upon the real or supposed first twelve squares of the board; the White upon the last twelve squares.

6. Each player shall play alternately with White and Black men, and lots shall be cast for the colour only once, viz., at the commencement of play, the winner to have the choice of taking Black or White.

7. The first play must be *invariably* made by the person having the Black men, and that alternately till the end of the play.

8. TIME.—At the end of five minutes (if the play has not been previously made), "Time" must be called by the person appointed for the purpose in a distinct manner, and if the play be not completed on the expiry of another minute, the game shall be adjudged to be lost through improper delay.

9. When there is only *one way* of taking *one or more* pieces, "Time" shall be called at the end of ONE MINUTE, and if the play be not completed on the expiry of another minute, the game shall be adjudged to be lost through improper delay.

10. After the first move has been made, if either player arrange any piece without giving intimation to his opponent, he shall forfeit the game; but, if it is his turn to play, he may avoid the penalty by playing that piece, if possible.

11. After the pieces have been arranged, if the person whose turn it is to play *touch* one, he must either play *it* or forfeit the game. When the piece is *not* playable, he forfeits according to the preceding law.

12. If *any part* of a playable piece be played over an angle of the square on which it is stationed, the play must be completed in *that* direction.

*After substituting the word White for Black, these two laws become binding upon the players of any place where it is customary to play on White squares.

13. A capturing play, as well as an ordinary one, is completed whenever the hand has been withdrawn from the piece played, even although one or more pieces should have been taken.

14. The Huff or Blow is, to remove from the board, before one plays his own piece, any one of the adverse pieces that might or should have taken. But the Huff or Blow never constitutes a play.

15. The player has the power either to *huff*, *compel the take*, or *let the piece remain on the board*, as he thinks proper.

16. When a man first reaches any of the squares on the opposite extreme line of the board it becomes a "King," and can be moved backwards or forwards as the limits of the board permit, though not in the same play, and must be crowned (by placing a man on the top of it) by the opponent; if he neglect to do so, and play, any such play shall be put back until the man be crowned.

17. Either player making a false or improper move, shall instantly forfeit the game to his opponent, without another move being made.

18. When taking, if either player remove one of his own pieces, *he* cannot replace it; but his *opponent* can either play or insist on his replacing it.

19. A Draw is, when neither of the players can force a Win. When one of the sides appears stronger than the other, the stronger party is required to complete the win, or to show at least a decided advantage over his opponent within forty of his own moves—to be counted from the point at which *notice* was given;—failing in which, he must relinquish the game as a draw.

20. Anything which may tend either to annoy or to distract the attention of the player, is strictly forbidden; such as making signs or sounds, pointing or hovering over the board, unnecessarily delaying to move a piece touched, or smoking. Any *principal* so acting, after having been warned of the consequence, and requested to desist, shall forfeit the game.

21. While a game is pending, neither player is permitted to leave the room without giving a sufficient reason, or receiving the other's consent or company.

22. Either player committing a breach of any of these laws must submit to the penalty, and his opponent is equally bound to exact the same.

23. Any spectator giving warning, either by sign, sound, or remark, on any of the games, whether played or pending, shall be expelled from the room during the play.

24. Should any dispute occur, not satisfactorily determined by the preceding laws, a *written statement of facts* must be sent to a disinterested arbiter having a knowledge of the game, whose decision shall be final.

NAMES OF THE GAMES, AND THEIR FORMATION.

5. The "Defiance" is formed by the first four moves :—11 15, 23 19, 9 14, 27 23. It is so named because it defies or-prevents the formation of the "Fife."
6. "Denny" is formed by the first move :—10 14.
7. "Double Corner" is formed by the first move :—9 14.
8. "Dundee" is formed by the first move :—12 16.

10. "Edinburgh" is formed by the first move :—9 13.
11. "Fife" is formed by the first five moves :—11 15, 23 19, 9 14, 22 17, 5 9. It has been so called since 1847, when Wyllie, hailing from Fifeshire, played it against Anderson.
12. The "Glasgow" is formed by the first five moves :—11 15, 23 19, 8 11, 22 17, 11 16. It has generally been known by this name since Sinclair, of Glasgow, played it against Anderson at their match in Hamilton, in 1828.
13. The "Kelso" is formed by the first move :—10 15.
14. "Laird and Lady" is formed by the first five moves :—11 15, 23 19, 8 11, 22 17, 9 13. It was so called from being the favourite of Laird and Lady Cather, who resided in Cambusnethan, Lanarkshire.
15. "Maid of the Mill" is formed by 11 15, 22 17, 8 11, 17 13, 15 18. It is so named in compliment to a miller's daughter in Lanarkshire, who was an excellent player, and partial to this opening.
16. "The Old Fourteenth" is formed by the first five moves :—11 15, 23 19, 8 11, 22 17, 4 8. It was so named from being familiar to players as the 14th in Sturges' original work.
17. The "Second Double Corner" is formed by the first two moves :—11 15, 24 19.

18. The "Single Corner" is formed by the first two moves :—11 15, 22 18. It is so named from these moves being played from one single corner toward the other.

19. The "Souter" is formed by the first five moves :—11 15, 23 19, 9 14, 22 17, 6 9. It was so named from its being the favourite of an old Paisley shoemaker (Scotch, Souter).

20. The "Switcher" is formed by the first two moves :—11 15, 21 17. It is so called because Wyllie has used it so often to switch or beat players who had never examined it.

21. The "Whilter" is formed by 11 15, 23 19, 9 14, 22 17, 7 11. (Whilter or Wolter, Scotch, signifying an overturning or a change productive of confusion).

22. "Will o' the Wisp" is formed by the first three moves :—11 15, 23 19, 9 13. It was so named by Mr George Wallace, of Glasgow.

INSTRUCTIONS.

The Game is played on a Board of sixty-four squares of alternate colours, and with 24 pieces, called Men, of adverse colours. It is played by two persons, placed opposite to each other; the one having the 12 Red or Black pieces is said to be playing the *first side*, and the other having the 12 White, to be playing the *second side*.

The final object of each player may be thus briefly stated—The one endeavours to confine the pieces of the other in situations where they cannot be played, or, both to capture and fix, so that there may be *none that can be played*; and the person, whose side is brought to this state, loses the game.

A Man can be played only forwards; a King can be played both backwards and forwards; and both kinds must be invariably played amongst the corners or angles of the squares, in capturing as well as in ordinary plays. A man on first reaching the crown-head finishes the move and is made a King, but cannot *then* take a piece which may be liable to capture. The opposite side has the option of moving that piece, if it see fit, out of the way.
